Case No. 96-562

To whom it may concern,

I am writing this letter in response to the notice that I received concerning the building of a radio tower immediately across the street from my home. Let it be known that I am adamantly opposed to the construction of this tower due to the effects of microwave radio transmissions on my home. (telephone and television signal inconsistencies, as well as unknown carcinogenic effects of microwave signals)

I purchased my house 2 years ago and do not want to see the market value of my property diminish as a result of unwanted industrialism. I vote NO!

Sincerely,

Christopher J Johnson
